* Designates that it meets Overhead Door's lifting force specification for 1 horsepower garage door openers.
** Limited, non-transferable warranty. See owner's manual for details.

Standard features

DC motor technology

Our most powerful 1 HPc* motor operates with minimal noise.

CodeDodger® access security system

Each time the remote control is activated, a new access code is selected from 4.3 billion possible combinations to help prevent piracy of the radio signal that opens your door.

Speed

Powerhead has a maximum opening speed of up to 9.0 inches per second. (+/-0.5 inches per second. Speed will slow with one-piece doors).

Quiet operation

Belt or chain drive provide smooth and quiet operation, perfect for room adjacent garages that demand minimal noise. Belt drive offers the ultimate in quiet.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation even in areas with frequency interference.

DoorDetect™ monitoring and diagnostic system

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam® system

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

Two-bulb light system with motion detection

Integrated motion detector provides convenience and security. Compatible with most CFL, LED and up to 100 W incandescent bulbs.

Compatible with both HomeLink® and Car2U® systems

Convenience options

Enjoy your new Overhead Door® garage door opener to the fullest with optional accessories. These accessories work with openers that feature our CodeDodger® access security system.

Digital wireless keypad

Lighted keypad features a flip up cover and lets you control up to three garage door openers. Flip up cover is available in four colors, ensuring you can find the one that best complements your home.

Battery Back-up†

Front facing colored LEDs indicate charge status. Up to 50 cycles in a 24-hour period after initial power outage. Operates door at 3.5 inches per second.

37229R

Door Report™ Remote§†

Beeps and flashes green when garage door closes properly. Gives warning tone and flashes red when door does not close properly.

37349R

Advanced Wall Console§†

Easy to use backlit LCD touch screen Sure-Lock™ control feature to lock out remote and keypad operation for increased security. Operates up to three garage door openers.

37347R

6' power cord

When you need a few extra feet of power cord; we have a model with a 6' power cord rather than the standard 4' cord (Model 8030H).

† These accessories are only available for use with Odyssey® and Destiny® garage door openers.

§ The Overhead Door® Network Adapter is required for operation of the Door Report Remote and Advanced Wall Console.
